WELCOME TO
SEAN WILSON PIANO
TRAINING SITE

SEANWILSONPIANO.COM

Hey, Thank You for joining Sean Wilson Piano, I am SO excited to teach you how to supercharge your skills, ear, and vocabulary on the Piano!!!

You made the right decision to trust us with your musical growth and improvement on the piano!

Remember our ultimate goal is to build Musical Language. We do this by focusing on Learning, Memorizing, and Practicing Songs from the musicians we most admire.

The following document is your guide to starting your journey with us, give you some important information, and to make sure that understand how to use the resources on the site.

If you have any questions, please do not hesitate to email me at sean@seanspiano.com

Watch the Video Tour of the Site.

Use this video to show you where the songs, courses, and midi files are located. This tour can also show you a quick overview of the site if need to know how to use the site effectively.

Introduce yourself and Setup your forum profile.

The forum is where our community resides. Ask (or answer) as many questions as you need. Simply click on "start new topic," and type your question. You may ask for help with hearing chords, improvising songs, theory, critiques, or anything else you can think of.

Find a song you like and grab the MIDI File.

Most of the songs on the site are delivered in MIDI File format. Learn the songs at your own speed while watching the notes light up on the piano. See the bottom of this document for information on how to get and use the MIDI Files.

Choose 2 songs to work on.

We have tons of midi files on the site, but you will find that you will improve much faster by learning the vocabulary, chords, style, and phrasing of 2 songs at a time. Write which songs you would like to focus on here:

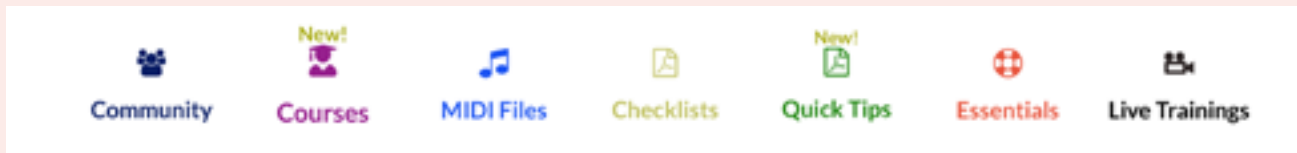

Song 1:

Song 2:

Schedule your FREE 15-minute initial consultation with Sean.

All members get free 15-minute consultations at any time to help you determine your level, show you how to improve your vocabulary, and give you suggestions on what to focus on. You can schedule this session by [clicking here](#) or by visiting the sidebar of the member homepage.

To find the various sections of the website click on one of the items in the row:

If you are on a cellphone the sections can be found by clicking your name or email at the top

MIDI Files

Head to this section when you are trying to find a song. We have songs from the greatest gospel musicians such as, Kevin Bond, Mike Bereal, Travis Sayles, and more. We also have midi files for some jazz musicians such as: Chick Corea, Oscar Peterson, and more. If there is a song that exists on my Youtube channel that you cannot find, head to the MIDI Files section of the Forum first and perform a search. If you still cannot find the song file email me at sean@seanspiano.com or use the chatbox in the lower right corner and let me know.

Live Training

Use this section if you would like to see Trainings given by me or other top gospel musicians. Some of our most helpful resources are in this section and they are very comprehensive. So sit down, go by your keyboard, get a notebook, grab some coffee (not over your keyboard), and get ready to explode your learning!

Essentials

Use this section as a Library for what you need to know for every key. All of the important chords, their alternate voicings, extensions, scales, and more are in this section. This is the first place to go if you are struggling to play in a certain key.

Courses

The Courses section has important information arranged by topic. The benefit of this section is that by the end of the course you will be able to perform very specific skills. For instance, Gospel Embellishments shows you those little movements that make a huge difference in your playing! Our beginner's course takes you from how to play a C scale all the way to transcribing gospel songs!!

Checklists

Do you need downloadable PDF's that you can print out, fill out, and have by your piano? Head to the checklist section. Beautiful checklists that contain important information is what you will find here. The checklists also contain a video on how to use the checklist effectively.

Quick Tip

This section is for when you do not have a lot of time and you want to get a quick idea. Each video in this section is under 10 minutes but packed with valuable, useful information.

MIDI Files are the primary resource that we deliver on the site.

MIDI Files allow us to:

- ✓ Learn the notes, runs, and chords of the best musicians
- ✓ Learn the songs at our own pace
- ✓ Loops sections of a song until we feel comfortable
- ✓ Learn the song and ANY key that you choose
- ✓ Slow down or freeze the chords to match your own speed

See the steps below for how to download and use the MIDI Files.

1. First Find a Song You Like

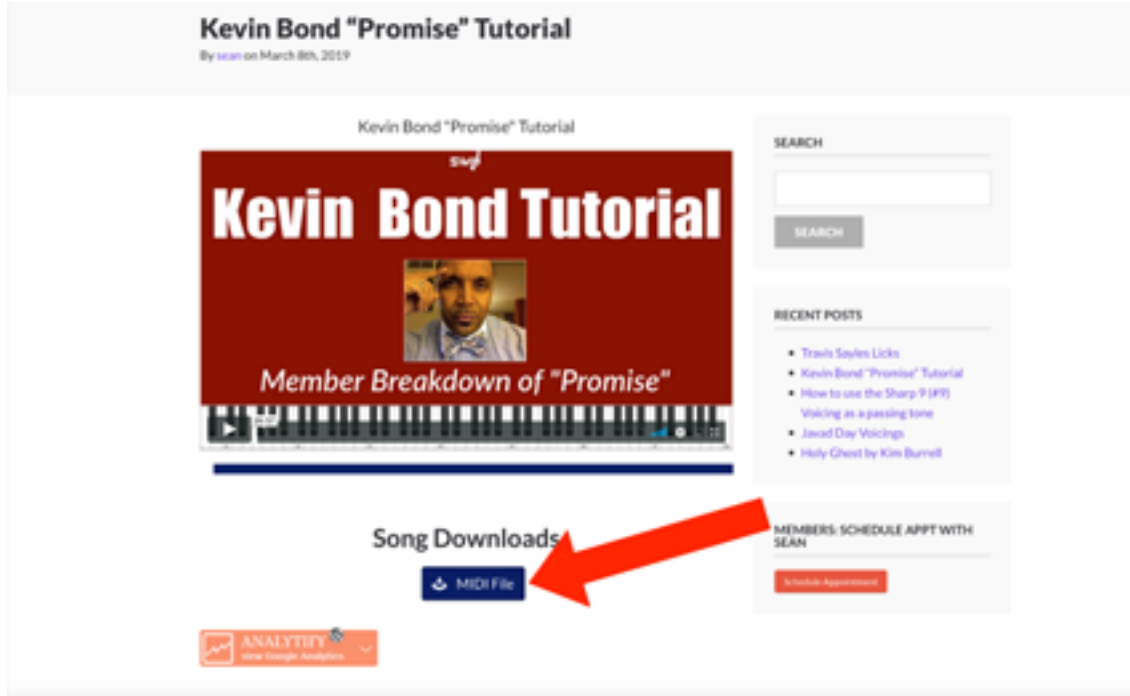

The screenshot displays a grid of lesson cards on the left and a sidebar on the right. The lesson cards include:

- Travis Sayles Licks and Movements**: A card with a thumbnail of Travis Sayles and a blue button labeled "Take Me There!!".
- Kevin Bond plays "Promise"**: A card with a thumbnail of Kevin Bond and a blue button labeled "Take Me There!!". A large red arrow points to this button.
- Javad Day Voicings, Chords, and Movements**: A card with a thumbnail of Javad Day and a blue button labeled "Take Me There!!".
- Play "Holy Ghost"**: A card with a thumbnail of Kim Burrell and a blue button labeled "Take Me There!!".

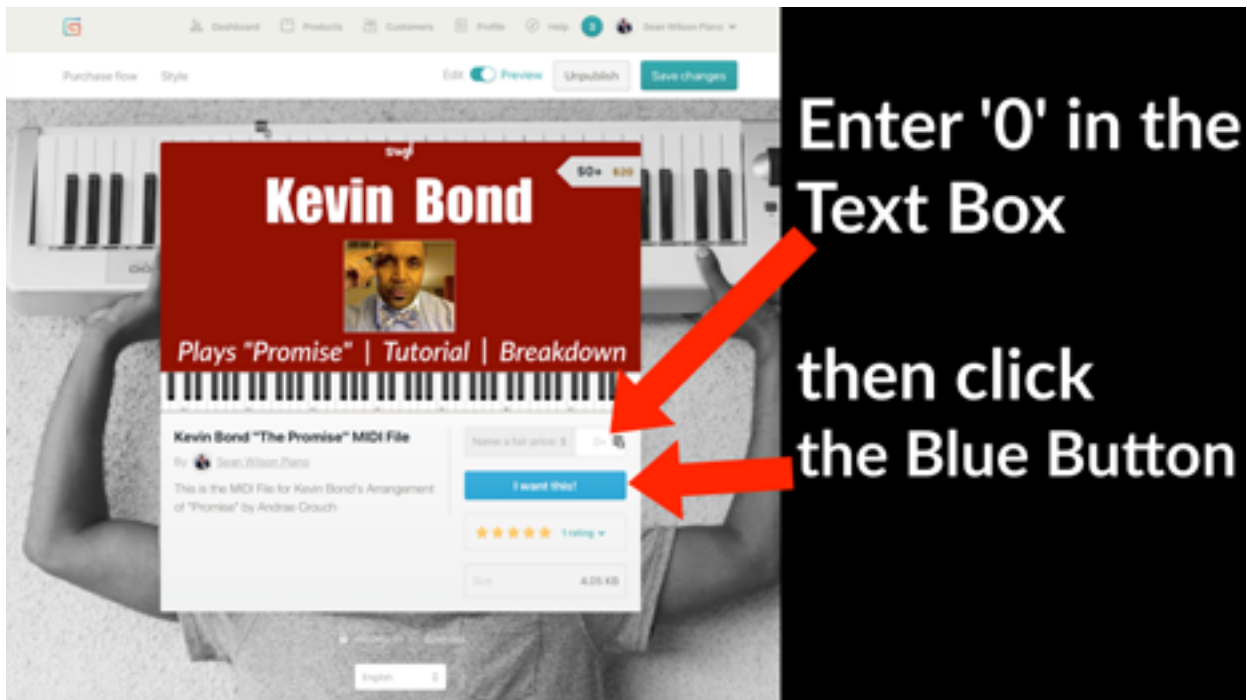

The sidebar on the right contains:

- A section for **Gibson Jr. (MIDI File)** with text: "Learning songs that are string/pad-based, no baseline" and "BICKEY FROM MIAMI, FL".
- A section titled **Book an Appointment** with a form for booking a session with Sean.

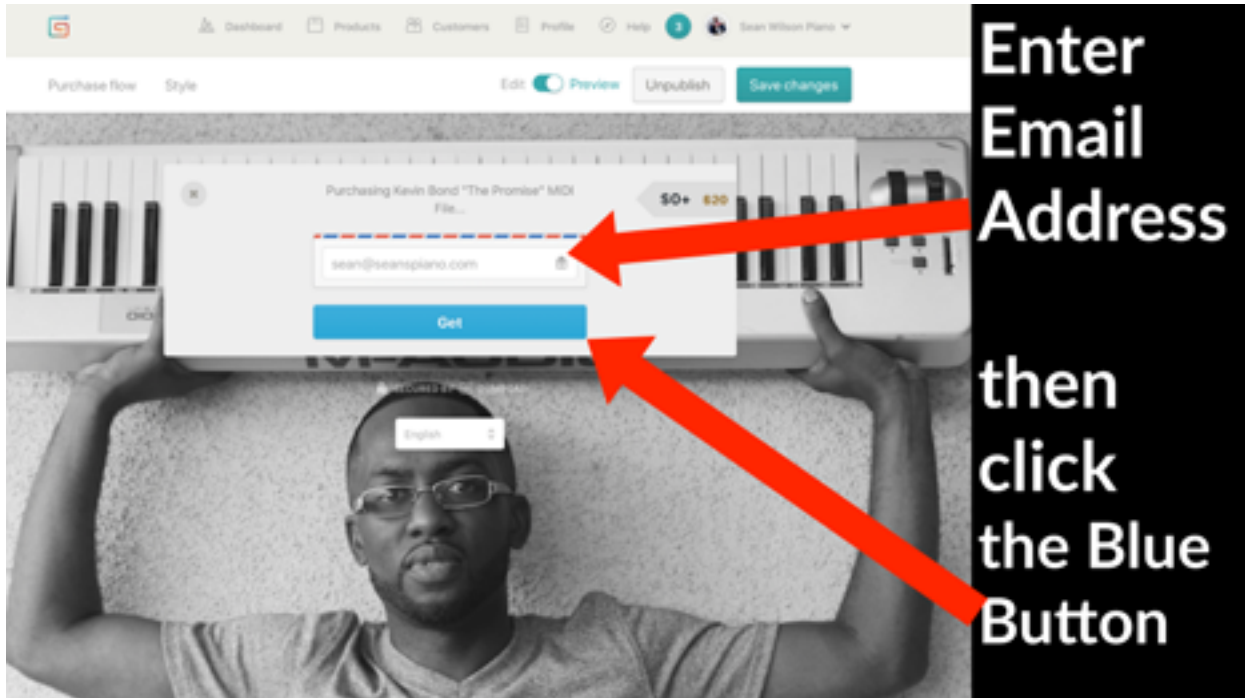

2. Click the 'Midi File' Button.

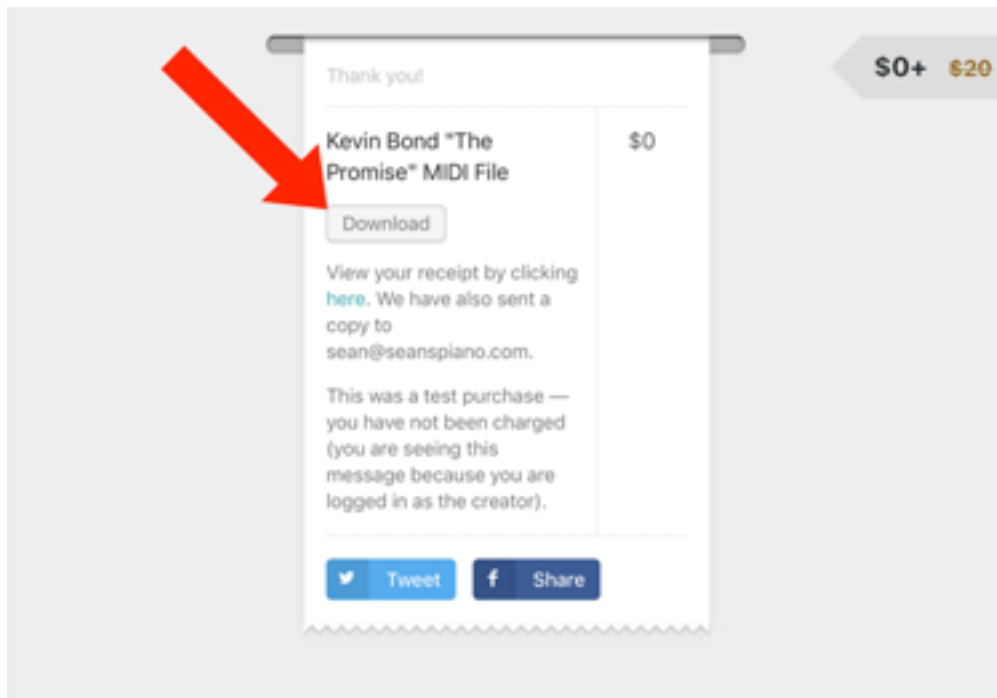

3. Important: Although the MIDI Files are free for members you must enter '0' in the Price Box!!!

4. Enter the Email Address you would like the song emailed to.

5. Download the Song Straight to Your Computer

6. Check your email to an extra copy of your song file

The file will also be sent to the email address you entered...

Click download

Purchase and Download one of the following programs

by clicking one of the buttons below.
